

Webster said those Korean conflict veterans who suffered disabilities which have been adjudged service-con-

ected may continue under a separate vocational rehabilitation program. There is no deadline date for the rehabilitation program. Truly each new book is a ship that bears us away from the fixity of our limitations into the movements and splendor of life's infinite ocean.—Helen Keller.

TO HEAD CAMPAIGN . . . James P. Becker, local manager of the Southern California Gas Co., has been appointed United Crusade (United Way and Red Cross) city chairman for Torrance this year. He is a director of both the Torrance and Lomita Community Chests, has served as Harbor Area Community Chest chairman from 1959-61, is a member of the Torrance Safety Council, and is affiliated with the Torrance Lions Clubs.

Korean GI Bill Ends In January

The final semester of college or vocational school training under the Korean GI Bill gets under way this month, according to Mort Webster, manager of the VA's Southern California regional office. When the semester ends in January, 1965, it also will mark the end of the education and training program under the Korean GI Bill. More than 2,300,000 veterans of the Korean Conflict have taken advantage of the program, Webster said.

THE JANUARY closing date will apply to both veterans who have already embarked on a course of study and to those veterans beginning a course of study this month. Veterans may continue in school after that date, but the VA monthly living and training allowance will be discontinued.

Shoppers Now Cuts Family Vitamin Costs 50% and More

SIGNED: Charles J. Futterman, President, Shoppers Markets, Inc.

Making sure every customer gets the most value for his dollar is my particular concern. Since many families take vitamins to increase energy and resistance, I made it a special project to introduce a Vitamin Program that would give Shoppers customers MORE Vitamins for LESS money.

REMEMBER . . . All Vitamins are standard, with quality regulations established by the U.S. Government . . . Only potencies vary! The same regulations require that potencies must be clearly stated on the label and that these potencies must be maintained in the tablet or capsule. This means that you may pay MORE money but you won't get better Vitamins! Just compare the labels, compare the potencies, then compare the prices . . . PROVE TO YOURSELF that SHOPPERS VITAMINS are the best Vitamin values you can find anywhere!
